

A Course in Miracles

Why Wait for Heaven?

Enlightenment is but a recognition, not a change at all.

The light is in you now... It is the only thing you bring with you from Him Who is your Source. It shines in you because it lights your home, and leads you back to where it came from and you are at home.

The light in one awakens it in all. And when you see it in your brother, you are remembering for everyone.

This is a call to those who have recognized the imperative for a fundamental awakening to a True Identity in the Universal Mind of Christ. This is only a perfectly natural, quantum evolution in consciousness, which is the enlightened destiny of every human being.

Our principal catalyst for this adventure is *A Course in Miracles*, a spiritual masterpiece whose simple lessons in salvation are designed to accelerate the awakening procedure.

The retreat environment is a provision for a very real physical, mental and emotional, spiritual rebirth into the Eternal. It is a unique forum for the inevitable encounter with your own Whole Mind, the sole purpose of which is the complete liberation of your human identity to the freedom of Perfection in the Mind of God.

The way to remember the perfect Love of God is not difficult, but it is entirely different. The only requirement is your individual determination. Bring only your willingness, and together we will demonstrate the power of mind, in the healing light of forgiveness, to bring about spontaneous recovery from all the effects of the human condition of separation.

Each miracle of awakening serves to teach you who you are in the Eternal Mind of God, and reaches out to every mind to teach them they are one with you.

Open your eyes today and look upon a happy world of safety and of peace. Forgiveness is the means by which it comes to take the place of hell. In quietness it rises up to greet your open eyes and fill your heart with deep tranquility as ancient truths, forever newly born, arise in your awareness.

What you will remember then can never be described. Yet your forgiveness offers it to you.
